

Farm and Horticultural Improvement Scheme 2006

Round 8:

Monday 10th August – Friday 4th September 2015

We are opening a further round of FHIS on Monday 10th August 2015. The application window will be open for one month before closing at 4pm on Friday 4th September 2015.

This round will be run under the usual format of application forms / assessment / ranking / Minister-approved budget spend followed by the issue of approval documents/unsuccessful letters.

Application forms and guidance notes are now available at Thie Slieau Whallian (at the desk in reception) or can be downloaded & printed from our website:

<http://www.gov.im/categories/business-and-industries/agriculture/farm-and-horticultural-improvement-scheme/> (or search 'FHIS')

Future plans:

FHIS will be undergoing a review over the coming months and proposed changes will be out for consultation, before going to Tynwald. We hope that this will be completed in time for the next financial year. A farm text will be sent when the consultation is released.

Budget:

It has been confirmed that there is currently a capital budget provision for FHIS of £340,000 per year going forwards.

If you have any queries, please do not hesitate to contact Agriculture@gov.im or 685844.
